OUR SUCCESS.

We are building on a history of innovation by offering a unique opportunity to join us as we expand into countries around the world.

Computer Consultants International, Inc. (CCI) pioneered working from home in a totally virtual company. Founded in 1994, CCI was one of the first virtual companies to work with Governments in all 50 States in USA. We have never had a single office building or space and do not plan to. Today we are building on this history of innovation by offering a unique franchise opportunity to join us as we expand into countries around the world. If you want to open a CCI Franchise in your country, or anywhere in the world, please contact us.

If you are an experienced IT Professional who knows how to grow a strong client base, consider becoming the face of CCI in your country. This is an opportunity to build a business and develop long-term client relationships with a strong brand behind you.

With the CCI name on the door, our strong reputation and ongoing success in the USA will enhance your credibility within your own country.

YOUR OPPORTUNITY.

Capitalize on our momentum.

In the United States, we have a national presence and are known for our many successful projects at the municipal, state and federal levels. Now we want to grow internationally in your country. Capitalize on our momentum:

- Inc. Magazine's top 100 fastest growing IT firms in the United States
- Top performing IT Services vendor in the State of Texas
- Achieved contracts with all 50 State Governments through the Western States Contracting Alliance/National Association of State Procurement Officers

The CCI brand and business model will help you start your new business in your country and you will have the same look and feel as CCI.

An initial franchise investment of \$25,000 to \$50,000 USD opens your doors in a country where there is a need to be fulfilled and an opportunity.
